Dear Mr. President,

I would like to express my sincere gratitude to you for your words of support in this difficult situation for Croatia, caused by a strong series of earthquakes that hit Sisak, Petrinja and other settlements in Sisak-Moslavina County.

Unfortunately, this earthquake also took human lives and that is what hurts the most. The material damage suffered is not small, but the faith and unity of the Croatian people and the support of our friends are not lacking.

In the hope that the ground in Croatia will stop shaking and that our lives will start on a happier path once again, thank you very much for the warm, collegial and above all human offer of Kosovo doctors to help Croatian colleagues.

Croatia feels that it is not alone.

With respect,

President

Krešimir Luetić, MD PhD
