

Cardiology Symposium

Advancement of Interventional Cardiology
and Cardiac Surgery in Kosovo

23 november 2024 - Hotel Emerald Prishtinë

09:00 - 15:00

LUXEMBOURG
AID & DEVELOPMENT

AGENDA

08:30-9:00

Registration

09:00-9:05

Welcome remarks Scientific and Organizing committee

09:05-9:10

Welcome remarks guest of honor

Panelists:

*Prof. Dr. Arnaud Charpentier, Dr. Dorijan Marušič,
Dr. Faik Shatri, Prof. Dr. Daut Gorani*

09:10-9:30

Our work experience in interventional Cardiology
Prof. Dr. Daut Gorani

09:30-09:50

Treatment of Chronic total occlusions (CTO)-antegrade wire escalation
(AWE)
Prof. Dr. Daut Gorani

09:50-10:20

Ischemic cardiomyopathy. Interventional cardiologist and cardiac
surgeon Interactions
Prof. Dr. Arnaud Charpentier

10:20-10:50 Up-to-date technique, technology, & indications of PCI in 2024
Dr. Ben Ahmed Fethi

10:50-11:20 Contemporary approach in interventional cardiology
Dragan Kovačić MD, PhD

11:20-11:35 Percutaneous coronary intervention versus coronary artery bypass grafting for left main coronary artery disease
Dr. Lulzim Bashota MD and Ass. Dr. Xhevdet Krasniqi PhD

11:35-12:00 Coffee break

Panelists: Prof Dr. Aurora Bakalli, Ass. Dr. Xhevdet Krasniqi PhD, İlker Gül, M.D., Prof, Dr. Basri Sejdiu, Dragan Kovačić MD, PhD

12:00-12:30 Intravascular Ultrasound (IVUS) and plaque modification methods
İlker Gül, M.D., Prof

12:30-13:00 Stenoza e arterieve karotide CEA / CAS / BMT??? Rekomandimet dhe këndvështrimi praktik
Dr. Aurel Demiraj

13:00-13:15 Innovations in Invasive Functional Testing for Coronary Artery Disease
Prof. Dr. Shpend Elezi

13:15-13:30 Anomalous origin of coronary arteries-challenges in interventional cardiology
Ass. Dr. Xhevdet Krasniqi PhD

13:30-14:00 STEMI and SCA with coronary obstruction is standard of care in 2024. Primary PCI
Dr. Bruno Pereira
